### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: \*\*\*

The prior art of record fails to teach and/or suggest a thin film electrochemical product or the method of manufacturing such product as set forth in the instant claims.

The electrochemical product having a net shaped ceramic element including a base with a plurality of tubular regions is known, however, the base being of a dense non-conductive material and the tubular regions being of a porous conductive material onto which a porous catalytic electrode material is applied, then a ceramic electrolyte and another porous catalytic electrode material, with a last coat of a porous conductive material on top of the porous catalytic electrode material is not taught or suggested.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bruce F. Bell whose telephone number is 571-272-1296. The examiner can normally be reached on Monday-Friday 6:30 AM - 3:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on 571 272-1302. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
